APPENDIX 49A  
AMENDMENT TO CERTAIN RATES, TERMS AND CONDITIONS  
AT&T TERMS

ILLINOIS

Pursuant to Article III Section 49 of this Agreement and subject to all of the terms and conditions thereof, the attached AT&T Terms referred to in Section 49 and attached here as pages 49A-2 through 49A-15 will be substituted for the GTE Terms, which are set out in Appendix 49B.

Attachment 1 of Appendix 49A

Amendment of Certain Rates, Terms and Conditions  
AT&T/GTE Pricing Agreement  
State of Illinois

1. Local Service Resale

- 1.1 The prices charged to AT&T for Local Service shall be calculated using the avoided cost discount applicable in the State (the "Base Line Discount"), determined on the basis of the retail rate charged to subscribers for the telecommunications service requested, excluding the portion thereof attributable to any marketing, billing, collection, and other costs that will be avoided by GTE, as further specified in Appendix 1 to this Attachment 14.

The prices shall be based on retail rates applicable on the Effective Date, less the applicable discount. If GTE reduces or increases its retail rates after AT&T executes this Agreement, the applicable discount shall be applied to the reduced or increased retail rates.

Attachment 1 of Appendix 49A

Amendment of Certain Rates, Terms and Conditions  
From Attachment 14  
AT&T/GTE Pricing Agreement  
State of Illinois

LOCAL SERVICE RESALE

Beginning with the Effective Date of this Agreement, Resale Services will be priced in accordance with the standards and prices described below.

1. The wholesale rates for Local Service Resale set forth in Annex 1 represent the Retail Rates for each GTE offering less the applicable discount.
  - 1.1 "Retail Rates" are the effective rates a GTE retail customer would have paid GTE under the Retail Offering selected by AT&T, taking into consideration all applicable discounts, including, but not limited to, volume, term and time of day.
  - 1.2 A "Retail Offering" is an individual service or package of services that GTE provides at retail prices to its own end-user customers and that AT&T is permitted to resell to its own end-user customers pursuant to Commission order and this Agreement.

Prices for Collocation

1 Charges.

- 1.1 Collocation will be priced in accordance with the standards and charges described in this Appendix.
- 1.2 The charges for Collocation are as set forth in Annex 1 to this Appendix.
- 1.3 The charges set forth in Annex 1 to this Appendix are derived from GTE's interstate access tariff and are subject to change if such tariff changes. These changes are interim and may be subject to change based upon the Commission's review of GTE's cost studies in Docket 96-0503.
- 1.4 Extraordinary costs may only be billed to AT&T if such costs have been authorized by AT&T. GTE must advise AT&T if extraordinary costs will be incurred within ten (10) business days of AT&T's request for space. Otherwise, AT&T will not be responsible for such costs. Extraordinary costs do not include costs associated with maintenance and upkeep of the building.

2 Payment.

AT&T will pay the charges for Collocation upon receipt of an itemized invoice from GTE. GTE will provide AT&T with an itemized invoice of all charges on a per LSO basis.

Reciprocal Compensation

1. Scope.

This Appendix prescribes the methods and means for reciprocal compensation of interconnect traffic between GTE's and AT&T's networks as well as transiting traffic between AT&T and third party LECs or ILECs.

2. Interconnection Local Traffic.

Compensation for exchange of Local Traffic will be paid on a Bill and Keep basis.

3. Transiting Traffic.

AT&T shall pay to GTE a Transiting Service Charge for the use of its Tandem Switching on a "bill and keep" basis.

4. Information Services Traffic.

The Information Services Billing and Collection Charge is TBD

5. BLV/BLVI Traffic.

Each party shall charge the other for BLV/BLVI Services on a "bill and keep" basis.

Prices for Local Number Portability

Until such time as the Commission establishes a cost recovery mechanism for INP, there will be no charge for number portability provided by one Party for the other. However, each Party will track the costs incurred in providing number portability for the other and, once a competitively neutral cost recovery mechanism has been established by the Commission, the Parties will reconcile the charges incurred by each Party based upon documented costs.

Treatment of ESP/ISP Traffic

The Parties have not agreed as to how ESP/ISP Traffic should be exchanged between the Parties and whether and to what extent compensation is due either Party for exchange of such traffic. GTE's position is that the FCC cannot divest itself of rate setting jurisdiction over such traffic, that such traffic is interstate and subject to Part 69 principles, and that a specific interstate rate element should be established for such traffic. AT&T's position is that ESP/ISP traffic should be treated as local for the purposes of inter-carrier compensation and should be compensated on the same basis as voice traffic between end users. The FCC has issued a NPRM on prospective treatment of ESP/ISP traffic. Nevertheless, without waiving any of its rights to assert and pursue its position on issues related to ESP/ISP Traffic, each Party agrees that until the FCC enters a final, binding, and nonappealable order ("Final FCC Order"), the Parties shall exchange and each Party may track ESP/ISP Traffic but no compensation shall be owed for ESP/ISP Traffic exchanged between the Parties and neither Party shall bill the other for such traffic. At such time as a "Final FCC Order" becomes applicable, the Parties shall meet to discuss implementation of the Order and shall make adjustments to reflect the impact of the Order. This agreement to leave issues related to ESP/ISP Traffic unresolved until after the Final FCC Order becomes applicable and in the interim to not compensate for ESP/ISP Traffic, shall in no manner whatsoever establish any precedent, waiver, course of dealing or in any way evidence either Parties' position or intent with regard to exchange and/or compensation of ESP/ISP Traffic, each party reserving all its rights with respect to these issues.

APPENDIX 49B  
AMENDMENT OF CERTAIN RATES, TERMS & CONDITIONS  
GTE TERMS

Pursuant to Article III, Section 49 of this Agreement, the following terms shall be applied in place of the terms in Appendix 49A (AT&T Terms) in the event the terms from the selected arbitrated agreement are deemed to be unlawful, or are stayed or enjoined by a court or commission of competent jurisdiction.

The Interconnection Rates in Appendix A will apply

The Interim Number Portability Rates in Appendix B will apply.

The Resale Discount in Appendix C will apply.

The Unbundled Network Element rates in Appendix D will apply.

The Resale terms in Article VI will apply.
